Saturday 2nd May & Sunday 3rd May 2009 (2 days)

Day One & Day Two:
Fundamentals of Herbal Medicine

Scientific explanation of why and how herbs work
A study of herbal constituents and active principles
A survey of herbal preparations eg, extracts, tinctures etc
The importance and establishment of herbal medicine dosage

Denis Stewart has been called the 'Godfather' of Australian herbalism. He is the founder and is currently Senior Lecturer and Director of Studies for Southern Cross Herbal School. Conjoint Associate Professor at the University of Newcastle between 2002 and 2007 participating in the establishment of the Bachelor of Herbal Therapies degree at the University. Denis has practiced Herbal Medicine professionally for 30 years from his busy clinics in Newcastle and Gosford (NSW). He is a consultant to, and has developed products for, many Australian Herbal companies. Denis is an exponent of 'traditional' Anglo-American Herbalism.
